Studies

המכללה הטכנולוגית רופין - הנדסאי
שנה א מצטיין
2023 - 2025

Qualities

Autonomous

Able to work independently with minimal supervision.

Team player

Works well with others and values collaboration.

Adaptable

Comfortable with change and quick to adjust to new environments.

Organized

Manages time and priorities efficiently.

Quick learner / Curious

Eager to learn and picks up new skills fast.

Problem-solver

Enjoys tackling logical challenges and solving complex puzzles.

ABOUT ME

I've been interested in computers since childhood, driven by curiosity and a passion for technology.

I've independently developed software and games as a hobby.

PERSONAL PROJECTS

CAFE GREG ORDER APP 2025 - React/Node.js/MongoBD

CafeGreg is a user-friendly app designed to simplify ordering and managing your café experience. Browse the menu, place your order directly from your table, and enjoy fast, seamless service. Perfect for customers, servers, and managers alike, CafeGreg helps streamline operations and improve customer satisfaction.

ASCII PAC MAN

2025 - C#

This is a console-based Pac-Man game written in C#.

The player controls Pac-Man to navigate a maze, eat dots, and avoid ghosts.

The game uses keyboard input to move Pac-Man and displays the maze and characters using console characters.

Simple, fun, and a great way to practice C# programming and game logic.

CHESS HELP

2025 - React

This is a chess game designed to help players by highlighting possible next moves.

It visually indicates threats and safe moves on the board, making it easier to plan strategies and avoid mistakes.

Perfect for beginners and intermediate players who want to improve their game and learn tactical awareness.
